Department of Electrical and Computer Engineering

ECE 243S – Computer Organization – 2019

Project Proposal Form

Use this form to briefly describe your project (point form preferred). You **must submit the filled-in form to your Teaching Assistant during your Practical Session in the week of March 25.**

The TA will advise you if changes are needed to your project proposal, toward the goal of making it sufficiently, but not overly, challenging and interesting. In most cases your TA will approve (perhaps after suggesting changes) the proposal immediately; otherwise, your TA will send feedback by email within 48 hours.
